SEALED BIDS FOR EMS-ALS EQUIPMENT

Sealed bids for **EMS-ALS EQUIPMENT** will be received in the office of the County Manager, Shelby County Administration Building, 200 West College Street-Room 123, Columbiana, Alabama 35051 until 2:30 P.M., January 20, 2022, at which time bids will be opened publicly and read. The County Commission reserves the right to reject any or all bids and to waive informalities in awarding this bid to the lowest responsive bidder. Bidders are to state that bids submitted are firm and that no claims for errors will be made after bids are opened and subsequent thereof. If you have any questions concerning bid specifications, please contact Hub Harvey or Mindy Nash, Emergency Management at (205) 669-3999.

GENERAL INFORMATION

All bidders **must** use our form for submitting their bid. All bids must be sealed and marked in the lower left-hand corner "**BIDS – EMS-ALS EQUIPMENT**" with opening date and time. Late bids will not be opened. Bids will not include State Sales Tax or Federal Excise Tax.

Records showing successful bidder and prices quoted will be placed on file and may be examined upon request. If contract is awarded to someone other than lowest bidder, a note of explanation will appear in the bid file and Commission Minutes. Use of trade names and numbers shall be interpreted as establishing a standard of quality and shall not be construed as limiting competition.

DISQUALIFICATION OF BIDS

Bids may be disqualified before awarding of the contract for any of the following:

1. Failure to mark envelope as required.
2. Failure to sign or notarize the bid document.
3. Failure to include requested information, samples when specified or other details of the bid.

METHOD OF AWARD

The award will be made to the lowest responsible bidder meeting specifications for each item bid. It is not the policy of the Shelby County Commission to purchase on the basis of low bid only. Quality, conformity with specifications, purpose for which required, terms of delivery, and past service and experience are among the factors that may be considered in determining the responsive bidder.

The Shelby County Commission reserves the right to award separate contracts for each item, each product, or any combination of products if in the best interest of the Shelby County Commission. Upon awarding of this contract and bid the Shelby County Commission reserves the sole right to end said contract at their sole discretion.

CONTRACT PERIOD/PRICING

The period of this contract will be for six (6) month from date bid is awarded. This contract may be renewed for up to three (3) six (6) month terms from the initial award date upon the agreement of both parties.

IMMIGRATION LAW

By signing this contract, the contracting parties affirm, for the duration of the agreement, that they will not violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the State of Alabama. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the agreement and shall be responsible for all damages resulting therefrom.

OPEN TRADE

By signing this contract, vendor agrees that it is not currently engaged in, nor will it engage in, any boycott of a person or entity based in or doing business with a jurisdiction with which the State of Alabama can enjoy open trade.

Please provide your bid response in triplicate, one original and two copies.

Bids will not include State Sales Tax or Federal Excise Tax. **Bid price submitted shall include price "DELIVERED"(including surcharges, shipping charges, etc.)**

EQUIPMENT LIST:

INTRAOSSEOUS NEEDLE INSERTION DEVICE – EZ-IO DRIVER DEVICE -

The EZ-IO® product system by Vidacare® consists of a small battery-powered device and two beveled, hollow drill-tipped needles that were specifically designed to provide safe, controlled vascular access via the intraosseous (IO) route to patients of all ages in emergent situations when vascular access is challenging or impossible. The two needles apply to patients of the weight ranges 3 – 39 kg and 40 kg or greater. The EZ-IO® product system creates a stable port into the intraosseous space accessing the central vascular system within seconds, causing minimal trauma to the patient. The greater than 40 kg needle was specially designed with a beveled drill tip to quickly and easily penetrate through the hard exterior of adult bones while the 3 – 39 kg needle is shorter in length permitting easy access through the softer bones of pediatric patients.
