

Shelby County Landfill Scale House Building Project

ADDENDUM NO. 3

Date: September 5, 2024

RE: Shelby County Landfill Scale House Building Project

BID DATE AND TIME:

Tuesday, September 10, 2024 at 2:00 p.m.

Location for the bid opening remains the office of the Shelby County Chief Financial Officer, located at 200 West College Street, Room 125, Columbiana, Alabama, 35051

Clarifications:

Q1: Who is responsible for the 6" water main and vault?

A1: 6" water main and vault will be supplied by the owner.

Q2: Please clarify that the new building will be on a septic system and who is responsible for its installation?

A2: The building will be on a septic system supplied and installed by the owner.

Q3: Verify if the new building has a sprinkler system and if so, who will install vault?

A3: The new building does not require a sprinkler system.

Q4: Is the water supply to the building a 2 1/2", 2", or 1". Plumbing drawings call for a 1" and the C400 drawing calls for a 2 1/2" and 2"?

A4: Reference sheet C400 for the water line installation. There is to be a 2" line leading from the 6" vault over to the building terminating in a 2" vault with the Siamese 2.5" washout connection. 1.5" supply for the building will connect in the 2" vault.

Q5: Who is responsible for purchasing and installing the generator?

A5: The GC on this project is responsible for purchasing and installing the generator.
