4.0) Bid Submission:

County is seeking a catalog-based price schedule. Bidders shall provide access to a price schedule for all catalog items reflected in Section 3 above.

County reserves the right to purchase none, one or several of any items quoted based upon the bid unit prices. It is not the intent of this bid to provide for all small purchases nor will this bid displace existing or future competitive bids and proposals for large or other specific categories of similar products.

If requested, Bidder must submit no less than (3) three references from current clients. The County reserves the right to use itself as a reference and to solicit references from clients other than those listed.

4.0) Evaluation Criteria:

Evaluation will be based on the County's sole judgment of the compatibility, quality and features of the services and hardware/software offered, support capabilities of the firm and unit prices. Given the vast size of the catalog, a core sample of key items may be compared to derive the most responsive bid.
