

## **1. Bid Purpose**

Shelby County is issuing this bid in order to obtain pricing on Tactical Armor Carrier Vests and Equipment. The purchase of this equipment will be in support of public safety missions conducted by the Shelby County Sheriff's Office Tactical Response Unit.

## **2. Requirements & Expectations**

- 2.1.** Product(s) must be capable of performing all functions and capabilities as stated by the manufacturer.
- 2.2.** All products sold by the bidder must be new. Products that have a warranty period should be clearly identified in the bid with the warranty information.
- 2.3.** Bid pricing is to be established as a ceiling price. At no time may the bid products be offered pursuant to the bid at prices above this ceiling price without approval by Shelby County.
- 2.4.** The vendor agrees that full refund, credit, or exchange will be granted to any defective-on- arrival (DOA) merchandise, if reported within thirty (30) days of receipt of the order.
- 2.5.** The vendor agrees to fill and ship orders in an expeditious manner; items must be delivered to the Shelby County Sheriff's Office within one hundred twenty (120) days of the date the item(s) was ordered.
- 2.6.** This bid solicitation contains name brand type products, however alternate brand products will only be accepted if they meet or exceed the specifications of the product(s) listed. Any alternate brand bid(s) must be clearly stated in the bid response and include an attachment detailing the specifications and a sample must be provided for Shelby County Sheriff's Office to evaluate. In addition, any bidder with an alternate brand product must provide an in-person meeting at the Sheriff's Office Training Center with the intention of demonstrating their product and showing how it meets listed specifications.
- 2.7.** Shelby County would prefer that all items specified be purchased from a single supplier; however, vendors may bid on one complete "grouping", or all groups.
- 2.8.** Vendor must be able to provide all sizes available by the manufacturer for listed products.

## **3. Bid Submission**

- 1.1.** Shelby County reserves the right to purchase none, one, or several of any items quoted based upon the bid unit prices.

- 1.2.** Upon request, bidder shall submit no less than three references from current clients. Shelby County reserves the right to use itself as a reference and to solicit references from clients other than those listed.
- 1.3.** The bid proposal submitted by the most responsive vendor together with the representations made by the vendor shall be incorporated into an agreement between Shelby County and the most responsive vendor which is good for one year. Pricing may be extended up to two additional years, if mutually agreed by both parties.
- 1.4.** Submitted pricing should include the form below in *Specifications* and clearly state all one- time and reoccurring costs. Submitted prices shall also include all shipping/handling costs and there shall be no hidden costs.
- 1.5.** Bids will be awarded by groups. Bidders reserve the right to bid on one, multiple, or all groups.

## HRT Maximus Placard System Swift Clip Pouch

### FEATURES

---

The HRT Maximus placard was designed to attach to our HRT HRAC and RAC plate carrier or work in conjunction with Duraflex buckle system. Our Maximus placard features triple M4 style magazine inserts along with two handgun magazines with polymer inserts. The Maximus placard also features two general purpose zipper pockets on the front. The back face of the placard is a hook face to mate with a loop face of the front of a carrier or vest to keep it securely in place. The Maximus placard is made from 500 Denier Cordura and has an integrated Duraflex buckle attachment system.

### KEY ATTRIBUTES

---

- Comes with 3 mag AR insert
- Two general purpose pouches
- Two pistol magazine pouches with polymer inserts
- 500 Denier Cordura reinforced stitched
- Duraflex Buckle attachment system
- Placard measures 9.25" x 7"

## Velocity Systems Molle SwiftClip Placard

- Adjustable
- 11" x 6.5" Placard
- 3 rows of 6 column MOLLE webbing
- SwiftClip® attachment system
- 100% Made in the USA

## Blaze Defense Systems BDS QR Conversion Kit Tubes

---

The BDS QR Conversion Tactical Outer Carrier Kit allows rapid don / doff of a vest. This device replaces the elastic style hook and loop stretch piece on some carriers on the market. Over time that elastic stretch finally loses its elastic ability as well as the Velcro wears out. This kit allows the user a **FirstSpear Tubes®** system with molle webbing on the outer bands for storage of other needed gear if so desired. The purchase includes two kits, one for the left side of vest and one for the right side of the vest.

## Mechanix Gloves M-Pact Covert.5mm

### DETAILS

1. Thermoplastic Rubber (TPR) impact protection meets EN 13594 impact standard.
2. Tapered Thermoplastic Rubber (TPR) pinch-point fingertip protection.
3. Thermoplastic Rubber (TPR) closure creates a secure fit to your wrist.
4. Breathable TrekDry® keeps your hands cool and comfortable.
5. Polyester thumb sweat wipe.
6. Removable trigger finger seams eliminate material fray.
7. 0.5mm AX-Suede™ delivers precision feel and touchscreen capability.
8. Nylon carrier loops for storage.
9. Machine washable.

#### Declaration of Conformity

##### Spec Sheets

Make an M-Pact® and take control with high-dexterity 0.5mm AX-Suede™ in the palm of your hands. M-Pact 0.5mm Covert tactical gloves are designed to protect military and law enforcement professionals with EN 13594 rated impact protection without sacrificing tactile control. Breathable TrekDry® conforms to the back of your hands to reduce heat build-up and keep you cool and comfortable in the field.

#### **Intended Uses**

- Military
- Law Enforcement
- Shooting Sports
- Maintenance & Repair

## Esstac Single 5.56 Midlength KYWI Pouch

This pouch is made for STANAG magazines. "AR15 style magazines".

There are 4 rows of webbing on the back of the pouch. You only use the Top 3 rows of webbing when mounting (not 4).

"pouch is 4.3" tall by 3.25" wide"

## Esstac Double Pistol GAP KYWI Pouch

Midlength Pistol Kywi pouch, works well with the newer Glock 24 round 9mm and 22 round 40cal magazines and +5/6 round extensions for FULL sized glock mags. Glock +2 extension work but not ideal due to the limited length stick out out. Not ideal for standard G17 mags with no extension and Glock 19 mags are to short no matter the extension.

Midlength allows for 1inch lower placement on a belt, allowing for easier manipulation and less interference with armor.

These have an added gap between the pouches to accommodate for magazine pouches with long baseplates such as M&P and CZ magazines.

Note: This pouch will spill over into the adjoining Molle channels about .25" on each side. Normal Kywi pouches have an overlap of about 1/8".

There are 4 rows of webbing on the back of the pouch. You only use the Top 3 rows of webbing when mounting (not 4). Midlength pouches come with Short WTFix Straps if you order the WTFix Straps.

Wilder Tactical Urban Defender Belt w/ No D Ring

## DESCRIPTION

Looking for a duty belt without all the bells and whistles?

The Urban Defender Belt is a stripped down version of our Urban Assault Belt.

The Urban Defender Belt consists of a double layer 1.75" Type 13 Webbing and is built to the same specs and standards as the UAB. The Urban Defender Belt ships standard with our Loop Inner Belt and HK Hook.

This is the perfect starter belt for someone who is just getting started in the shooting world.

\*Includes a Cobra Clutch Belt Hanger\*

When buying a belt, it is important to select the correct size based upon an accurate measurement.

Your belt size is not the same as your pant or waist size; because your belt goes around you and your pants, your tucked in shirt, and your underwear, your belt size is usually 1 or 2 inches larger than your pant or waist size.

Sizes:

- Small: 28"-32"
- Medium: 32"-36"
- Large: 36"-40"
- X-Large: 40"-44"
- XX-Large: 44"-48"

#### Columns of mountable MOLLE per size belt

- Small (20)
- Medium (20)
- Large (21)
- X Large (23)
- XX Large (26)

#### Colors:

- Black
- Coyote Brown
- Ranger Green
- MultiCam
- MultiCam Black
- Wolf Gray

## High Speed Gear Handcuff Taco

This handcuff pouch will hold almost any brand of handcuff. The retention strap is adjustable in length. Also ideal for field compasses, tins and other similar products.

- The handcuff retention strap is adjustable in length
- Fits chained and hinged cuffs
- Perfect for field compasses and small tins
- Also fits small radios, such as the BaoFeng UV-5R
- Features our patented TACO® design for adjustable retention
- MOLLE version includes HSGI® Clips for attachment to MOLLE or PALS
- ABM version can mount to belts up to 2.25"

Covered by HSGI's® Lifetime Warranty. Made in the USA.

High Speed Gear's® Adaptable Belt Mount (ABM) attachment format offers a sturdier alternative for mounting to belts. This attachment method uses a strip of durable, vinyl-backed, heavy-duty nylon laminate and reliable snap closure to create a belt loop. Three laser-cut slits enable the user to thread the loop smaller or larger for 1.5"-1.75", 1.75"-2" or 2"-2.25" belts, respectively. The inside of this fashioned belt loop features a patch of hook designed to match up with the interior loop of our rigger belts to lock the pouch in the desired position on your belt.

Dimensions: 3"L x 1.5"W x 3.5"H, .14 lbs

Metric: 7.62cm x 3.81cm x 8.89cm, 63.5 g

## High Speed Gear Radio Pouch Multi Comm

Originally designed as the issued pouch for a large communications partner, the versatile MAC TACO® uses our popular Soft TACO® technology and durable webbing in multiple sizes to create a secure but easily accessible storage solution for a wide variety of military and law enforcement personal communication devices.

- Bungee retention tab provides additional security □
- Open-top design and 2.5" side openings offer constant access to most controls without removing the device □
- MOLLE version includes our HSGI®Clips □
- Belt-mounted version attaches easily to belts up to 2" with Velcro® One-Wrap®

## High Speed Gear MagNet Mesh Dump Pouch

The Mag-Net V2 dump pouch is constructed with laminated 1000D Cordura, a proprietary laminate and heavy duty mesh. The design allows for full visibility of the pouch contents and allows for maximum drainage of water or sand. The laminate provides support, flexibility and easy access. The Mag-Net can be used to carry other items such as shot gun shells. The mesh pouch is stowed by a layered Cordura hook and loop wrap. Pouch deploys with one pull on the tab.

Made in the USA and has HSGI's® Lifetime Guarantee. HSG Clips Included

## Coyote Tactical Solutions Slim Tear Off Medical Pouch (STOMP) Gen 2

### MISSION: RAPID DEPLOYMENT IFAK

Now featuring our laser cut medical cross with reversible IR (covert) / Reflective (overt) card; no more lost medical patches. The S.T.O.M.P. is designed with the needs of modern operators who opt for smaller, lighter, and slimmer kits. Measuring only 7.5" x 5.5" x 2" in size, the S.T.O.M.P. will contain all your TCCC medical contents, and more with ease in its fully laser cut modular interior. Simply unclip the buckle and pull on the integrated pull-strap to deploy your kit.

Designed to open up a full 180 degrees; this allows for rapid access to components inside while also serving as a field expedient work station.

The S.T.O.M.P. also features an under hanging tourniquet retention strap made from two 1.5" pieces of elastic which securely retains CAT, SOF-T, and other comparable tourniquets on the market.

### Features

- Made in USA
- 500 denier Cordura Construction
- Laser Cut Medical Cross with Included Reversible IR / Overt Card
- Modular laser cut interior. Full end user customization
- Measurements: 7.5" x 5.5" x 2"

## GROUP 3

### First Tactical Men's Performance Short-Sleeve Polo

#### DETAILS

##### Smart, Durable Polo Performs Under Pressure

This is not just any polo; it's built for the demands of your job. This isn't just about looking sharp; it's about staying comfortable, having your range of movement, and not worrying about your gear giving out on you. The tapered fit looks clean and stays tucked in, and the no-roll collar makes sure you don't look like you just walked out of a wind tunnel. Plus, those pen pockets—they're simple, but effective. Whether you're writing up reports or need a quick place for tools on the range, it's all designed to make your life a little easier. Bottom line, it's tough, it's breathable, and it's reliable—just like you.

#### SPECIFICATIONS

- 100% polyester jersey, snag, fade, shrink, and wrinkle resistant
- Wicking fabric with antimicrobial finish
- Industrial strength melamine buttons

## First Tactical Men's 1/4 Zip Defender Long Sleeve Shirt

### Ready To Defend

First Tactical's Defender Series Shirts are the best of both worlds: performance built to handle any mission while maintaining the professional look needed when on normal patrol. This quarter zip shirt has specialized pockets boasting ample space for oversized gear, a split yoke eliminates unwanted bulk, and oversized sleeve pockets accept patches or embroidery. Creating the perfect warm weather shirt was at the forefront of design as articulated elbows, running gussets, and vented mesh locations provide advanced movement and breathability.

### SPECIFICATIONS

- Body: 6.5 oz 100% Polyester jersey; snag, fade and wrinkle resistant with wicking and anti-microbial finish
- Sleeves and collar: 6.9 oz, 55% cotton/45% Cordura® Nylon mechanical 2-way stretch double ripstop with moisture wicking finish
- YKK® zippers
- Duraflex® pulls

## First Tactical Men's Defender Pants

### DETAILS

#### Ready To Defend

First Tactical's Defender Series Pants are the best of both worlds: performance built to handle any mission while maintaining the professional look needed when on normal patrol. In the performance department specialized pockets (28 in total) boast ample space for oversized gear, magazines, and all other equipment. Articulation is at the forefront of design as articulated knees, running gussets throughout, and vented mesh pockets provide advancement movement and breathability. Ventilation in multiple key areas make these the ideal warm weather pants.

### SPECIFICATIONS

- 55% Cotton, 45% Cordura® Nylon
- 6.9 oz. 2-way mechanical stretch Nyco fabric with double ripstop and moisture wicking finish
- YKK® zippers
- Prym® snaps
- Duraflex® pulls
- Internal knee pad access with articulated knee

## First Tactical Defender Knee Pads

### DETAILS

#### Ready To Defend

The Defender Knee Pads cushion critical areas without inhibiting movement. A TPU outershell and PE Board provide double layer protection and allow users to take a knee without worry. Pairs perfectly with the First Tactical Defender Pant.

### SPECIFICATIONS

- SBR / EVA compression molded foam
- Dual density construction
- Texturized inner mesh wicking fabric
- Set of 2 pads
