

Potassium Permanganate

ADDENDUM NO. 1

Date: April 3, 2026

RE: Potassium Permanganate

BID DATE AND TIME:

Thursday, April 16, 2026, 3:00 P.M.

Location for the bid opening remains the office of the Chief Financial Officer, located at 200 West College Street, Room 125, Columbiana, Alabama, 35051

Clarification:

Q1. Could you please provide a historical breakdown of order volume and frequency by listed delivery location (Shelby County WTP vs. Talladega WTP)? We saw that minimum order size will be one pallet. Would each plant request a full pallet for delivery?

A1. SWTP – December 2023 – 1 Pallet (36 containers)
June 2024 – 1 Pallet (36 containers)
June 2025 – 1 Pallet (36 containers)
March 2026 – 1 Pallet (36 containers)

TSWTP – We currently do not feed Potassium Permanganate at the Talladega Plant, but it is on the bid in case we need it.

Q2. Would a single pallet order ever be split between the two delivery locations?

A2. No.

Q3. Is a truck equipped with a liftgate required for delivery?

A3. No, a dock is located at the South Plant. As stated in the bid specifications, if you are awarded the bid, it is highly recommended that you conduct a site visit before any deliveries.
