Clarification:

Please note that the email address for all questions is cmccall@shelbyal.com.

- Q1. May we have a copy of the most recent previous tabulation of bids?
- A1. This information can be found on our eBid Portal using the following link: <https://ebid.shelbyal.com/CurrentBids>. Search for the bid under “Awarded Bids”. The zip file will include a copy of the award resolution for the existing bid.
- Q2. What quantity per delivery is required for the totes and bulk truckload?
- A2. Orders can be for 1 tote to 4 totes. The bulk tanker is not a specific amount, but it is usually around 45,000 lbs. The quantity depends on the timing of the order. It may be more or less.
- Q3. In light of current global uncertainties including rising freight and energy costs, and an ever-changing tariff landscape, it is very challenging for companies to commit to longer-term price agreements. With that in mind, would you be open to considering a six-month pricing arrangement?
- A3. The duration of this bid is 180 days with the **option** to renew for up to three years.
