DISQUALIFICATION OF BIDS

Bids may be disqualified before awarding of the contract for any of the following:

1. Failure to mark envelope as required.

METHOD OF AWARD

The award will be made to the lowest responsive bidder meeting specifications. It is not the policy of the Shelby County Commission to purchase on the basis of low bid only. Quality, conformity with specifications, purpose for which required, terms of delivery, and past service and experience are among the factors that may be considered in determining the responsible bidder.

It is anticipated that awards will be made on a Group basis. Failure to provide a bid price for all items within a Group may be cause for disqualification of the bid for that entire Group. Successful bidders are required to provide any or all items within the Group awarded at the unit prices offered in the bid. Unit prices bid shall be firm and no increase in price shall be allowed during the one hundred and eighty (180) days that the award is in effect. Failure to furnish any item within the Group at the bid price within the one hundred and eighty (180) day award period may be cause for disqualification from future bid processes for the Group of items awarded.

The Shelby County Commission reserves the right to award separate contracts for each item, each product, or any combination of products if in the best interest of the Shelby County Commission. Upon awarding of this contract and bid the Shelby County Commission reserves the sole right to end said contract at their sole discretion.

CONTRACT PERIOD/PRICING

The period of this contract will be for One Hundred and Eighty (180) Days from date bid is awarded. This contract may be renewed for One Hundred and Eighty (180) day periods for up to three (3) years from the initial award date upon the agreement of both parties. Price quoted shall be price delivered.

QUANTITIES/ORDER/DELIVERIES

Items must be stock items and delivered within seven (7) working days after placing order. If delivery is not possible within said time, merchandise shall be ordered from the next lowest bidder. If items are urgently needed and the low bidder cannot meet this need, items may be ordered from the next lowest bidder.

Shelby County requires a purchase order for all purchases. Copies of purchase orders shall be required by vendor for orders to be processed and invoices paid.

Please include two copies of your bid pricing: one original with signature/notary and two copies should be included.

County Manager
