

# **GENERAL CONDITIONS FOR CHLORINE**

## **I. CONTRACT PERIOD**

The period of this contract will be for one (1) year from date bid is awarded. This contract may be renewed for up to three (3) years from the initial award date upon the agreement of both parties. Bid price will remain firm during the period of the contract.

## **II. DELIVERY**

Deliveries shall be made within seven (7) working days from the date of order. The vendor shall notify Water Plant Operator or Shelby County Water Services personnel (the person who ordered the product) of any problems in meeting the mandatory seven (7) working day deadline and the vendor must schedule specific delivery day and time with personnel if the deadline is not met. Excessive failure to deliver within seven (7) working days shall be grounds for rejection of the vendor for future purchases, at the sole discretion of Shelby County. Bulk deliveries of chemicals, if ordered, shall be made in tanker truck. For all chemical deliveries, the truck must be equipped with all the means to safely convey the chemical from the truck to the storage tanks. Prior to first delivery, supplier needs to visit site to understand the layout and what hoses and fittings will be needed for deliveries. Any spillage or leakage shall be the responsibility of the vendor.

All quoted prices shall include delivery charges. Deliveries shall be made to the following addresses:

Shelby County South Water Treatment Plant  
7935 Highway 61  
Wilsonville, Alabama 35186

Talladega/Shelby Water Treatment Plant  
289 First Road  
Alpine, Alabama 35014

## **III. CHEMICAL DELIVERIES**

Deliveries of totes and/or bulk shall be made to either of the water treatment plants in accordance with plant operator instructions at the Talladega/Shelby Water Treatment plant located in near Childersburg and at the Shelby County South Water Treatment Plant located in Wilsonville. Orders may include one or more delivery sites.

All shipments must be handled in compliance with all DOT and EPA regulations for the transport and handling of the material. A certified weight ticket showing gross, net and tare weights shall accompany each shipment.

#### **IV. BILLING**

Invoice payments shall be based solely on total certified weight ticket and the vendors stated bid price. Product shall be billed in **Pounds of product shipped** and all prices shall include shipping. Shelby County Water Services does require a Purchase Order for every order placed. Shelby County Water Services is tax exempt (tax exempt #63-6001694). All invoices shall be billed to Shelby County Water Services; P.O. Box 10; Columbiana, Alabama 35051.

#### **V. ESTIMATED ANNUAL USE**

Products will be ordered on an *AS NEEDED* basis. Minimum quantities for chemical orders, other than bulk orders, may be one (1) tote, one (1) pallet, or one (1) cylinder. Estimated quantities for products are:

One (1) Ton Cylinders with 2,000 lbs of product: 45 per year for Talladega/Shelby WTP

One (1) Ton Cylinders with 1,200 lbs of product: 15 per year for South Water Treatment Plant

150 lb Cylinders: 6 per year

#### **VI. BID QUALIFICATIONS**

All BIDDERS must submit product information with bids. Information to be submitted must show the product proposed meets all the specifications listed below and list **ALL EXCEPTIONS** to the specifications in a separate document.

## **BID SPECIFICATIONS FOR CHLORINE**

By the offering of this Bid, the Bidder hereby states that this material offered shall be certified as suitable for contact with or treatment of drinking water by an accredited certification organization in accordance with ANSI/NSF Standard 60 Drinking Water Treatment Chemicals-Health Effects.

The liquid chlorine supplied shall comply in all respects with American Water Works Association Standard ANSI/AWWA B301, Latest Edition. Requirements of this standard include, but are not limited to, the following:

- Purity shall be equal to or greater than 99.5% by volume
- Moisture shall not exceed 150 parts per million (0.015%) by weight
- Heavy metals total shall not exceed 30 ppm (0.003%) by weight expressed as lead
- Lead shall not exceed 10 ppm (0.001%) by weight reported as lead
- Mercury shall not exceed 1 ppm (0.0001%) by weight reported as mercury
- Arsenic shall not exceed 3 ppm (0.0003%) by weight reported as metallic arsenic
- Nonvolatile residue shall not exceed 150 ppm (0.015%) by weight
- Carbon tetrachloride shall not exceed 100 ppm (0.010%) by weight (see standard)
- Trihalomethanes shall not exceed 300 ppm (0.030%) by weight

Vendor must provide (one) 1 chemical training class per each bid term at each facility at no additional cost to the Owner. Training will be set up by plant managers and may include personnel from distribution system.
